SCHEDULE 'A' TO BY-LAW 15-2013

PARKLAND DEDICATION IMPLEMENTATION

PART I: RESIDENTIAL PLANS OF SUBDIVISION AND PLANS OF CONDOMINIUM

The Township will require payment of the value of the 5% of land otherwise required to be conveyed. Such payment amount and value of the land will be determined as of the day prior to the approval of the draft plan of subdivision or condominium by appraisal to be completed by the applicant.

PART II: RESIDENTIAL CONSENTS

The Township may require the payment of cash in lieu of land dedication on the following basis:

Location	Value	Implementation
Waterfront	5% of the total value of the land on the day before the provisional consent was given.	1. Opinion of value letter from realtor (with comparable properties); 2. Professional appraisal; or 3. Sale price within the last two years to determine the value, provided the sale was at market value/arms length, and no changes that would impact land value have been made. The value of the land before the consent is given will be calculated at 2/3rds of the total value determined above. E.g. A \$60,000 lot will be valued at \$40,000 before the consent and the parkland dedication would be 5% of the \$40,000.
Non-Waterfront	\$1,000	Flat rate for non-waterfront properties.
Reduced Rate	\$200	The reduced rate will be charged for the following types of consents: 1. A technical severance (e.g. correction of deeds, quit claims, natural severance); 2. Grants of right of way or easements; 3. Correcting encroachment problems; 4. Lot additions; 5. Where a severed or retained lot has an existing dwelling unit. 6. A severance for a residence surplus to a farming operation

The 5% parkland dedication or cash in lieu of parkland dedication will be assessed for all division of land through the consent process and will include:

1. The severed parcel or parcels;
2. The retained parcel or parcels, if the parcels are similar in character to the severed and have little potential for further division;

Council may waive the requirement for parkland dedications by resolution.

PART III: LAND DIVISION FOR COMMERCIAL/INDUSTRIAL PURPOSES

Where a commercial or industrial consent is granted and land for parks is not requested, a 2% cash-in-lieu of parkland request will be imposed. To determine the values, the Township may request an appraisal, to be completed by the applicant, of the severed and/or retained parcel(s). Parkland dedication under this section shall be waived for agricultural, institutional and public uses,

PART IV: GUIDANCE FOR REQUEST OF LAND RATHER THAN CASH-IN-LIEU

Circumstances under which land dedication may be appropriate, but are not limited to the following:

1. Where division of land or development or redevelopment abuts an existing park or other public lands suitable for parkland development and where such public lands would benefit from expansion;
2. Where division of land or development or redevelopment abuts a shore road allowance leading to water that provides, or has the potential to provide, public access to water and where such access would benefit from the acquisition of additional lands for improved access, parking facilities or buffering from adjacent uses;

SCHEDULE 'A' TO BY-LAW 15-2013

3. Where a portion of the Township in which the division of land or development or redevelopment is proposed is deficient in public parkland;
4. Where the potential exists to acquire over a period of time, areas of suitable size and dimensions (i.e where a series of normally unsuitable wedges be acquired over time to form a suitable park facility); and
5. Where lands have been identified in a Community Improvement Plan or other Council-approved document that indicate the desire for parkland in this area.

PART V: DISPUTE RESOLUTION

Any dispute between the applicant and the Township over the assessed value of the lands shall be addressed by the following procedures:

- i) The Township and the applicant shall choose a mutually acceptable and suitably qualified appraiser to conduct an independent appraisal of the property; and
- ii) The appraiser shall be retained by the Township to undertake the appraisal at the applicants' expense; and
- iii) The results of the independent appraisal shall be used to calculate the cash in lieu of parkland dedication as outlined in this By-law; and
- iv) If after the independent appraisal is completed, there continues to be a dispute between the parties over the value of the lands, either party may apply to the Ontario Municipal Board to have the value determined in accordance with Section 42(10) of the Planning Act, R.S.O. 1990.

PART VI: ADMINISTRATION

1. The Township of Frontenac Islands should issue a receipt acknowledging the payment of the cash in lieu of parkland.
2. For parkland dedication or cash in lieu, it should be determined if a fee or dedication was previously made through a previous planning application.
